Re: **Bridge Closure on Rush Creek Road in the Town of New Hudson over Rush Creek.**

Please be advised that starting Monday morning June 12th, 2017, the bridge on Rush Creek Road over Rush Creek in the Town of New Hudson, **will be closed to all traffic**. This structure is located approximately 790 feet Southwest of the Barber Road and will be closed for approximately 8 (eight) weeks for replacement. **There will not be any on-site detour**, and local vehicle traffic is recommended to use alternative routes. **Truck Traffic must seek alternative routes that are not posted for weight restriction.** Thank you for your patience and anticipated cooperation with this project!!
