

Want to change your party??

You can complete a voter registration form
now but...

★ By NY State Election Law the change cannot go into effect until the Tuesday after the next General Election.

★ Cutoff Date for receiving the change is 25 days prior to the General Election

★ We suggest if you believe you want to change-file the paperwork now.

★ The pending change will be inserted into your voter record immediately (as pending change)-but will not go in effect until after the current years' General Election.

Did you know...

you DO NOT have to be registered in a Party?

You can be non-affiliated.

This would make you ineligible to vote in
Primaries & you would not be able to sign MOST
petitions, or participate in a caucus.

You can VOTE in a General Election with no
problems!

Parties recognized in NY State:

- ★ Democrat
- ★ Republican
- ★ Conservative
- ★ Green Party
- ★ Working Family
- ★ Independence
- ★ Women's Equality
- ★ Reform
