The Department of Public Works has suspended in-person sales of 2020 residential Hang Tags and is only processing Hang Tag sales through the mail due to COVID-19. As a result of mail only sales, Allegany County Department of Public Works experienced a temporary lag in processing new applications and had extended the authorized use of 2019 Hang Tags until the department could get caught up.

The department has worked through the lag and is now given official notice to the public that starting **Saturday the 23rd of May 2020** the Department of Public Works will be enforcing tags as normal. Beginning on the 23rd of May, expired 2019 Hang Tags will no longer be accepted. If you have submitted your 2020 residential Hang Tag application and have not yet received it, it is currently being processed and will be mailed to you before the enforcement date begins.

If you have not yet submitted your 2020 residential Hang Tag application, please do so. Please note that current processing time is 6-8 business days from when the application is received to when it is mailed back out.

Applications are available online and can be found by visiting [https://www.alleganyco.com/](https://www.alleganyco.com/). Click on the Government tab, click on Public Works and then click on Solid Waste and Recycling. There you will find a printable **2020 Solid Waste Facility Tag application**. Customers will also find other useful information in regards to waste disposal and recycling. Blank applications are also available at all Transfer Stations if needed.

Applications should be mailed to Allegany County D.P.W., 7 Court Street, Room 210, Belmont, N.Y. 14813. If paying by check, please make checks Payable to: Allegany County. Customers preferring to use credit or debit cards are encouraged to call 585-268-9230 or 5585-268-5400.

Respectfully,

Superintendent of Public Works
