Re: **Bridge Closure on Deer Creek Road in the Town of Genesee.**

Please publish the following as often as you can!

Please be advised that starting Monday morning April 30th, 2018, the bridge on Deer Creek Road in the Town of Genesee, **will be closed to all traffic**. This structure is located approximately 0.3 miles East of State Route 305 and will be closed for approximately ten (10) weeks for replacement. **There will not be any on-site detour**, and local vehicle traffic is recommended to use alternative routes. **Truck Traffic must seek alternative routes that are not posted for weight restriction**. Thank you for your patience and anticipated cooperation with this project!!
